

MyChart December 2018 Updates for Patients

Redesigned Website

MyChart has been redesigned with a more modern appearance that is consistent across website and mobile applications. The new, cleaner look places more emphasis on the information and content that you want.

On the MyChart website, quick links, supplementary information, and help text have been moved to a new sidebar that makes it easier for you to focus on the task at hand.

The screenshot displays the MyChart patient portal interface. At the top, there is a navigation bar with the UChicago Medicine logo, the MyChart logo, and the user's name 'John'. To the right of the name are icons for Health, Visits, Messaging, Billing, Resources, and Profile. Further right, there is a 'Ver en Español' link and the user's name 'John Smith' with a 'Log Out' link.

The main content area features a 'Welcome!' message and two notification cards: 'Read your messages. You have 8 new messages.' and 'Save time while you save paper! Sign up for paperless billing.' Below these is a 'To Do' section with a list of tasks: 'CBC W/ DIFF & PLATELETS', 'RENAL BIOPSY REPORT', 'CBC W/ DIFF & PLATELETS', 'COMPREHENSIVE METABOLIC PANEL', 'CBC W/ DIFF & PLATELETS', 'COMPLETE BLOOD COUNT', and 'COMPREHENSIVE METABOLIC PANEL'. A calendar for December 2018 is also visible, showing the days of the week and the dates.

The right sidebar contains a 'Quick Links' section with several options: 'View your test results.', 'Ask a question', 'Schedule an appointment', 'Refill your medications.', 'Review your health summary.', 'View billing summary', 'View your account summary.', and 'Download your record.'

Share Everywhere

With Share Everywhere, you can grant temporary, one-time access to your medical record to any provider, anywhere. Internet access is all that's needed, which means even a provider across the world can view your chart by going to shareeverywhere.epic.com.

1. In MyChart web or mobile app, click the **Health** icon and select **Share My Record**.
2. Type the name of the person with whom you want to share your record and click the **Request Share Code** button.
3. Give the Share Code and website (shareeverywhere.epic.com) to the provider.

The provider can enter the code on the publicly accessible website (shareeverywhere.epic.com) to review your health information. The provider can also send a note back to UChicago Medicine for improved continuity of care.

The screenshot displays the MyChart interface for a user named John. The 'Health' tab is selected, leading to the 'Share Everywhere' page. The page features a large globe icon with a heart and the text 'Share Everywhere'. Below this, it says 'Share Your Health Record' and lists categories: Medications, Allergies, Health Issues, and Immunizations. A text box asks 'Who's accessing your record?' with 'Dr. Annie Anywhere' entered. A green button labeled 'REQUEST SHARE CODE' is visible. On the right, a sidebar titled 'About Share Everywhere' explains the feature. A pop-up window on the right shows the generated share code 'H2F-T8KS' and a 'DISMISS SHARE CODE' button.

Document Center

A centralized medical record management feature makes it easier for patients to access and take action on records and documents related to their health information.

Click the **Health** icon and select **Document Center**.

The screenshot shows the MyChart interface for a patient named John. The top navigation bar includes icons for Health, Visits, Messaging, Billing, and Resources. The 'Health' icon is selected, and the 'Document Center' page is displayed. The page title is 'Document Center' and it includes a prompt: 'Please select the option that most closely matches the information you would like.' There are four main sections: 'Visit Records' (with a list of items like Health Issues, Medications, Allergies, Immunizations, and Plan of Care), 'Requested Records' (with a list of items like Legal Information, Coordination of Care, Government Reporting, Worker's Comp Information, Accounting Disclosure, and Visit and Health Summaries), 'My Documents' (with the text 'View, download, and print documents you have on file.'), and 'Who's Accessed My Record?' (with the text 'View actions of people who have accessed your record.'). A 'BACK TO THE HOME PAGE' button is located at the bottom center. The footer contains links for Site Map, Terms & Conditions, Contact Us, High Contrast Theme, and MyChart® licensed from Epic Systems Corporation © 1999 - 2018.
